WASHA TALA: SHINING A LIGHT ON THE CRISIS IN THE CONGO

Join us as we welcome Catholic Relief Services Partner **Mathilde Muhindo Mwamini** and staff member **Olun Kamitatu** from the Democratic Republic of Congo. They will discuss the crisis in the Congo and the impact of “conflict minerals” such as coltan, a critical component for the production of cell phones, laptops, and other electronics. We can help the people of the DRC by reducing the ability of armed groups to finance violence with illicitly mined conflict minerals. Don't miss meeting these two women who are shining a light in the darkness to bring peace and prosperity to the Congolese people .

Movie Night

August 18th 6:30PM

BELA FLECK: THROW DOWN YOUR HEART

When world-renowned banjoist **Bela Fleck** realized that his instrument had lost its musical heritage, he decided to make a pilgrimage to Africa to rediscover the banjo's folk music roots. Overflowing with the incredible music of Fleck and the many celebrated folk musicians who hosted him in Africa, **BELA FLECK: THROW DOWN YOUR HEART** follows the banjo virtuoso on a musical adventure that takes him from Uganda to Tanzania and from Gambia to Mali. A multi-award-winning film captures one of the world's greatest musicians demonstrating how music transcends languages, cultures, and continents.
